MANHATTAN BULLION BAR ARRIVES

Under the vigilant eyes of Cashier A. G. Raycraft there reposes on his desk in the Nevada First National bank a bar of gold bullion weighing 710 ounces. It weighs at least that much, for the writer experienced considerable difficulty in trying to make a getaway. Faithful John, black on the surface, but white underneath, barred the way and the ingot was reluctantly returned.

This was a real yellow bar, the second from the White Caps mill. It surely ran better than \$16 an ounce, for there is no silver in the ore, but at \$16 it was worth \$10,550. The other day bar No. 1 came in. Both were from preliminary clean-ups, but the first weighed better than \$8.00. The mill, with the improvements now being installed, will give an extraction of from 90 to 93 per cent.

T. A. R. TO ESTABLISH THEIR NEW HEADQUARTERS ON NOVEMBER 17

A T. A. R. staff meeting was held yesterday afternoon at the headquarters in the Mizpah hotel, at which it was voted to rent the building on Brougher avenue now occupied by Mrs. Lucille Mapes for the use of the organization. From now until the 17th, on which date the T. A. R. will take possession, a committee will be busy making the place over into attractive work rooms. After that date work will begin in earnest. Instruction will be given in the making of surgical dressings and the rooms will be open for workers both mornings and afternoons. Evening classes are also being arranged for. Materials are being secured and careful, detailed plans made so that there will be no delay in turning out large quantities of these desperately needed articles.

Miss Spencer, vice-chairman of the national surgical dressings committee, writes as follows to Mrs. Davenport: "This country positively must have in stock on French soil at least 12,000,000 dressings by February 1 or we stand to face tragedy." An enormous task confronts us, but we will not fail our boys who must face German bullets, and of these 12,000,000 dressings Tonopah will send her part.

The T. A. R. will give an informal dance on the evening of Thursday, November 15, in the lobby of the Mizpah hotel, to which the public is cordially invited. The organization takes this means of expressing in some small measure its deep appreciation of the generous support it has received from the people of Tonopah, and it is hoped that as many as can do so will attend.

Home Wanted For A Faithful Friend

Who wants a dog? Not simply a four-footed canine of questionable ancestry and questionable failings, but a big, sad-eyed, freckled Llewellyn setter, who wags his tail and looks up at the passerby with hope that he will be recognized, patted on the head and spoken to in terms of comradeship. The dog in question has adopted a family in which there are two children. They pull his tail, try to gouge out his eyes and by other methods attempt to display their affection. The nameless setter enjoys it all and finds the kids in speechless affection. But he has one failing—if it may be so construed. He growls and snaps at anyone who approaches his protectees. That is why the Llewellyn is to be given away. Who is first to want him? Phone 1175.

PROTESTS TERMINAL RATES.

(By Associated Press.) SAN FRANCISCO, Cal., Nov. 9.—It is an injustice to the mountain states for the interstate commerce commission to lower Pacific coast terminal rates to help the railroads fight Panama canal traffic, Judge H. F. Hartline of the Nevada state railroad commission told the congressional joint committee on interstate commerce, in session here.

Judge Hartline said he objected strenuously to the government, by its rate rulings, helping the railroads to put the canal, a remunerative piece of government property, out of business.

Coast points, he said, talk about keeping up the good relationship with intermountain customers, but object to internal points setting themselves up as jobbing centers in keeping with the coast.

FOOD PLEDGE NEAR GOAL.

(By Associated Press.) WASHINGTON, Nov. 9.—Food pledge signatures are within less than a million of the 10,000,000 goal.

MILLINERY SALE Goods at Cost

Mrs. J. H. Simpson, the milliner, who has conducted business in Tonopah for the past ten years, announces that she is retiring from business and has marked down all hats, ribbons, trimmings, etc., to cost. This is a bona fide sale. The ladies are requested to call and take advantage of this sacrifice sale.

The following very interesting letter was received yesterday by Mrs. Grigsby from William R. Hereford, secretary of the American military hospital offices in New York:

"New York, Nov. 2, 1917. 'My Dear Mrs. Grigsby: It is with much pleasure that I acknowledge the receipt of your letter of October 25th, enclosing check for \$1,425 for an ambulance for Paris which will be known as the Tonopah ambulance."

"I was very much interested in the photograph of Tonopah and feel that you deserve a great deal of credit in bringing your campaign to so successful a close, although the spirit of your people there must be praiseworthy. On behalf of the American committee, I wish to extend to you, and through you to all who have contributed in work and money, thanks and deep appreciation."

"You will be interested to hear that I have today received a letter from Lieut. Col. Peed, who is in command of the hospital and the Paris ambulances, particularly requesting subscriptions for certain ambulances which have not yet been subscribed for. In this letter Colonel Peed assures me that under his supervision every effort will be made to carry out the wishes of the donors in regard to the inscriptions for the ambulances and to send them satisfactory photographs of their cars. I shall write to Colonel Peed immediately, telling him of this very timely gift from Tonopah and explaining your wishes for the inscription."

"With renewed expression of appreciation, sincerely yours,

"WILLIAM R. HEREFORD."

LUCE COMMITTEE AIDS 6 FAMILIES

The citizens' fuel committee, headed by Hon. Ben Luce, continued today to actively assist Tonopah people who are without fuel. Six homes that were without a lump of the precious stuff were supplied with enough to tide them over for a day or two. In all of those homes there were small children. And all of the heads of the six families were quite able to pay for the coal, but could not get it.

Tomorrow, it is hoped, one and probably three carloads of coal will come in.

Citizens that are without coal are again urged to give their names and their needs to the committee or to the Daily Bonanza, so that distribution can be accomplished intelligently.

ATTORNEY NOT GUILTY.

(By Associated Press.) LOGAN, Ill., Nov. 9.—Judge Cullison, in district court here yesterday evening, sustained a motion of the defense for a directed verdict of not guilty in the trial of Attorney General Haver for alleged oppression in office. Haver was charged in an indictment found in Montgomery county with having used improper methods in trying to secure correction of alleged discrepancies in Mrs. Alice Willard's testimony when the grand jury was probing the Villisca ax murders.

Haver offered only three witnesses and the motion was based on the ground that the state had not made a case.

CLOSE CABLES TO SPIES.

(By Associated Press.) WASHINGTON, Nov. 9.—The government is about to deny cable communication with neutral countries to a number of persons in the United States, including some American citizens, on the suspicion that they have furnished information to the enemy on military, naval and commercial operations.

Telegraph and cable companies, it was stated, will be given lists of individuals who have been under surveillance, with instructions to refuse transmission of their messages.

CARD TO THE PUBLIC.

Beginning Monday, Nov. 12, my office will be on North Main street, one door north of Fitzgerald's barber shop, where I will be pleased to meet anyone having matters to transact in my line of business—real estate, insurance and collections. Prompt attention to all.

WESTERN ROADS WANT RATE RAISE

MAKE REQUEST SIMILAR TO THAT OF THE EASTERN RAIL LINES.

(By Associated Press.) WASHINGTON, Nov. 9.—The western railroads have asked the interstate commerce commission for a conference to discuss a general freight rate advance similar to the eastern railroads' request. December 17 was assigned for the conference and the commission announced it would grant a public hearing in the pending 15 per cent case then. It will probably be consolidated with the case of the eastern railroads.

GLOOM FOR NEBRASKA.

(By Associated Press.) LINCOLN, Neb., Nov. 9.—Gloom has seized the followers of the University of Nebraska football team as the result of numerous injuries suffered by the first line squad this year. No less than seven men of the regulars are on the hospital list, with the probability that at least five of them are so seriously injured that they will not be able to get into the Missouri-Nebraska game tomorrow.

NO RAISE IN SHAVE PRICE.

To correct a statement in a morning newspaper, D. J. Fitzgerald, of the Fitzgerald barber shop, informed The Bonanza that he has not raised the price of a neck shave. It was reported that the cost would be 10 cents, so that a shave, including the neck, would cost 35 cents. Fitzgerald said that though he had raised the wages of his employees he has left the prices unchanged.

SABOTAGE IN OAKLAND.

(By Associated Press.) OAKLAND, Cal., Nov. 9.—Damage done by enemy dust in shaft bearings and other forms of sabotage has caused the Oakland manufacturers to organize a vigilance committee.

FIRE AT IRON WORKS.

(By Associated Press.) ALAMEDA, Nov. 9.—Firemen rescued five men trapped in a mysterious fire today in the hull of a steel vessel under construction at the Union Iron Works.

NO COAL FOR SIGNS.

(By Associated Press.) WASHINGTON, Nov. 9.—The fuel administration will forbid the use of coal for electric display advertising before 7:45 and after 11 at night. In a few days it will sharply reduce coal supplies to industries classed as non-essential and if the shortage persists will entirely stop the supply.

DOCTOR TAYLOR, Mizpah Hotel

AMUSEMENTS

Here it is again—another double bill program—two distinct features—at the Butler today.

The spirit and romance of Old Mexico, and the hazardous adventures which overtake an American army officer in search of a bold, bad bandit, from the story of the new William Fox production, "Betrayed," with Miriam Cooper, the celebrated star of "Intolerance" and "Birth of a Nation" fame, in the leading role, is one of the attractions at the Butler today.

The story tells of a senorita's dreams of love. She begins by promising to marry one man. Before the picture is ended she has promised to marry three. Carmelita—that is her name—throws aside Pepo when she meets Leopoldo, a bandit. Then when she discovers William Jerome, an American army officer who has come to Mexico as a spy in search of the ruffian, she forsakes Leopoldo. She writes the American that she will be beside the brook with the man he seeks. But Leopoldo intercepts the note, reverses the plot, and the result is that Carmelita is shot instead of Leopoldo. The finish is one of the battle scenes for which Director Walsh is famous. Everything concludes to the entire satisfaction of everyone except the bold, bad bandit.

But this is just part of the program, the other part being episode No. 3 of "The Fighting Trail," which is making good on its prediction that it is the greatest picture of the big outdoors ever screened. It is filled with thrills of every description from start to finish. Every kind of danger is met with as the story unfolds. It will keep you clinging to your seat, and you can hardly wait for the next number to come.

Tomorrow, another record-breaker, Charles Ray of "Clodhopper" and "Pinch Hitter" fame, in "Sudden Jim." Mr. Ray needs no further introduction to the Tonopah public. Watch closely our program for next week. There is something that will interest you.

been accomplished. We shall offer a peace acceptable to the proletariat of all countries and will publish all secret treaties. We will take over all the land and establish control by workmen over all industry. The consequence will be the accomplishment of the third social revolution."

WILSON ON WAY TO S. F.

(By Associated Press.) LOS ANGELES, Cal., Nov. 9.—Secretary of Labor Wilson has started to San Francisco, where he will attempt to settle the differences of the Pacific telephone employees of the coast states and Nevada.

Along the line in France and Belgium only artillery duels and raiding operations by the French and British forces are taking place. Additional ground has been gained by the British troops against the Turks in Palestine and along the Tigris river.
